

POTTERS ARE LEADING SUPPLIERS OF POULTRY EQUIPMENT
TIERED REARING TABLES SYSTEM

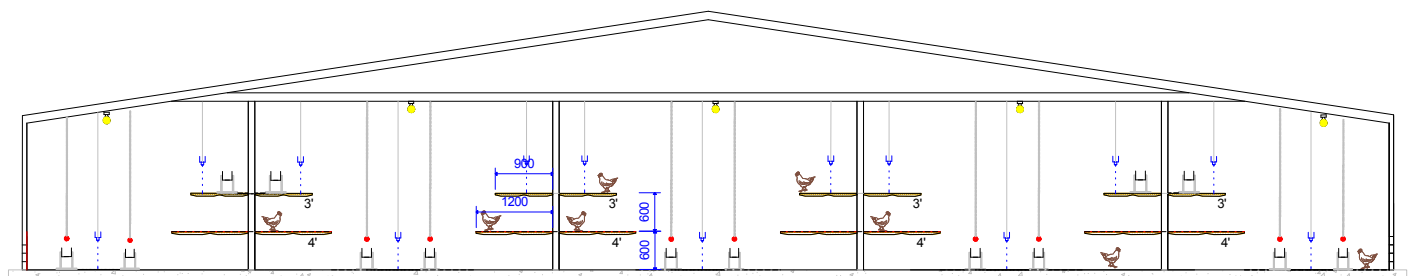

50 Years of experience rearing pullets and designing equipment that provides stronger, healthier, and better trained birds when they are delivered to the lay house.

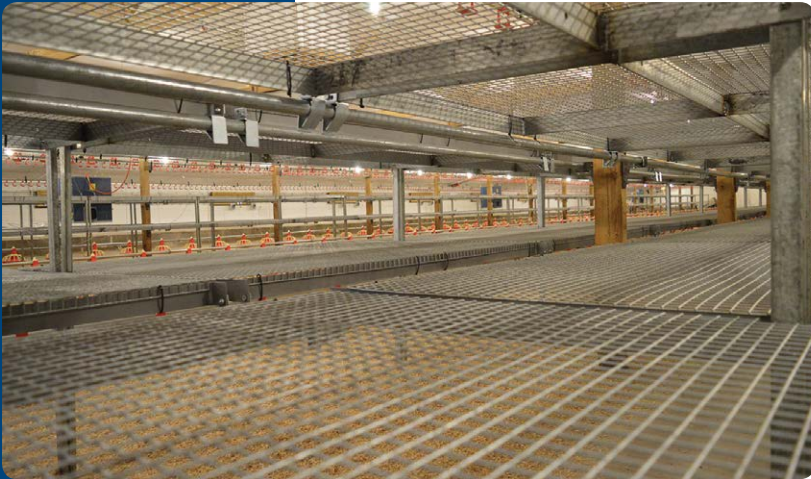

50 Years of Innovation & Excellence

- Designed by farmers for farmers
- Built to last with strong materials
- Easily installed and maintained
- Built for easy cleaning
- All birds in clear view as you walk your house
- Works for pullets shipping to aviaries or nests and slats barns

Tiered Rearing Tables System

Designed and produced by Parallel Creative www.parallel-creative.co.uk
